

## Foreword

It is a fairly common practice for scientific research journals and scientific research periodicals to publish special issues as well as conference proceedings. Quite frequently, these special issues are devoted exclusively to specific topics and/or are dedicated respectfully to commemorate and celebrate the works of one or the other chosen research scientists.

It is a great pleasure for me to write the *Foreword* of this *Special Dedication Issue* of the *Montes Taurus Journal of Pure and Applied Mathematics (MTJPAM)* (with Prof. Dr. Gradimir V. Milovanović, Prof. Dr. Themistocles M. Rassias and Prof. Dr. Yilmaz Simsek as its Guest Editors), which is dedicated to me on the occasion of my 80th birthday. Indeed I am overwhelmed to see so many nice and noteworthy contributions toward the success of this *Special Dedication Issue* from all over the world.

Finally, on my own behalf as well as on behalf of the Members of the Editorial Board of *Montes Taurus Journal of Pure and Applied Mathematics (MTJPAM)*, I am exceedingly delighted to thank all of the participating authors and the referees for their *invaluable* contributions toward the remarkable success of this *Special Dedication Issue*. My special thanks are due to each of the Guest Editors, Prof. Dr. Gradimir V. Milovanović, Prof. Dr. Themistocles M. Rassias and Prof. Dr. Yilmaz Simsek. I do also greatly appreciate the editorial help and assistance provided efficiently by many colleagues and associates in the Editorial Office of the *Montes Taurus Journal of Pure and Applied Mathematics (MTJPAM)*.
